Our Photography Safaris

We understand that photography travellers need time, flexibility, positioning and guides who appreciate the art of capturing wildlife and landscapes. Hadada Safaris can arrange specialist photography journeys to meet individual requests. Our guides have experience supporting safaris for internationally recognised photographers and publications, and work to help guests make the most of every photographic opportunity.

Our Mission

To serve our customers, pursue their complete satisfaction and provide high-quality tourism services, while remaining committed to the social, cultural and environmental realities of Tanzania.

Our Vision

To provide unforgettable travel experiences while preserving Tanzania's natural and cultural heritage. We aim to support sustainable tourism growth that creates lasting benefits for visitors, local communities and future generations.

We embrace useful technology and fresh ideas to improve planning, communication and the guest experience, making journeys more seamless, personal and engaging.

Empowering local communities

We seek to involve local people and businesses in tourism, supporting local livelihoods, service providers, artisans and community initiatives.

Strategic marketing and branding

We work to strengthen Hadada Safaris as a trusted Tanzania safari and destination management brand through quality storytelling, market engagement and tailored travel experiences.

Our Inspiration

Tanzania's great wilderness areas demonstrate how conservation, community participation and world-class tourism can work together. Inspired by this balance, Hadada Safaris aims to create lasting memories while helping preserve the country's natural and cultural treasures for generations to come.

Our Guides and Destination Knowledge

Our guides are carefully selected by the management team. They bring a minimum of five years of guiding experience, together with relevant training and practical knowledge of safari operations. Beyond sharing information about wildlife and ecosystems, our guides understand guest care, responsible wildlife viewing, photography considerations and the importance of creating a relaxed and enjoyable atmosphere.

Our multilingual guiding capability includes English, Spanish, French, Italian and German, subject to guide availability and itinerary requirements.

Our Safari Vehicles

Our safari vehicles are professionally maintained and equipped to support comfortable travel and rewarding wildlife viewing. Vehicle features may include large roll-down windows, a pop-up roof for broad viewing, and a rear lift-gate configuration to support photography. Beanbags in different sizes can be provided for camera stability, while on-board power inverters support the charging of camera batteries and other equipment. Refrigeration is available for cold drinks on the journey.

Social Responsibility

We believe tourism should create positive value in the places where it operates. We aim to employ people from our local community and to strengthen local participation in our activities. We also support charitable giving: where applicable, a contribution is made on behalf of each safari guest to a charity selected by the company. Through responsible partnerships and community-minded operations, we seek to make tourism a force for shared benefit.
